

Paw Prints

DECEMBER 1986

FROM THE PRESIDENT

It's really amazing to find out how many parts you have stored away in the basement and garage when you take the time to inventory. It all started when I finally took the time to get together a parts list for our December News letter. And to think, I didn't even list the small parts.

The great thing about having parts is being able to sell them so that you can buy more parts. I'm sure that's what most of us do. I can't pass up a bargain (although there aren't many left) or a trip to the junk yard. I've been to the junk yard on 90 degree days, days when the mud was to the top of your boots, and on days when you had to plow through snow drifts. All this for a part that you could really do without. Is it worth it? YES! Does the wife understand? NO! Ah well, trade offs are hell.

I'm really looking forward to the December issue of "The Paw Prints". I know that there are some parts that I need, and I know that I have some parts that someone else needs. They don't do any good lying around in the garage.

This has been a strange week. Two of my friends who do not own GTO's and another person that I did not know have called me about cars for sale. These cars were probably within 15 mile of where I live, and I didn't even know that they existed. The first was a 1970 GTO Judge with a RA-IV. Word has it that it is in excellent condition (the original RA-IV is on an engine stand) and the asking price is around \$5500.00. Can anyone float me a low interest loan? The second car that I heard about was a 1964 white GTO convertible. It seems that the owner wanted to trade it in on a foreign car of some kind. I'm still looking into that one. The third call was from a fellow that had a wrecked 1967 LeMans with "cherry" interior and some good sheet metal. I realize that hearing about and actually seeing, in most cases, are two different things. More about this in future issues of "The Paw Prints".

I want to wish every one Happy Holidays. Being a school principal, I will probably have a few more days off than some of you. For those of you that will not be able to "eat, drink and be merry" for the extended Christmas holidays, I will do my best to take up the slack for you! I hope to see you at the Christmas Party on the 13th.

The Prez

JANUARY CLUB OUTING

We recieved some feed back about having a spotlighted club event each month. An outing has been planned in the form of participating in a car rally put on by the Ohio State University Sports Car Club, Jan. 18th. I know that I have always wondered what it would be like to drive in a rally.

Obviously I don't think this time of year any of us will be driving our GTO's (although maybe I could finish this cold weather event without overheating my GTO).

This should be a good time to get some rally experience that could come in handy at the 1987 nationals. Anyone interested call me at 891-6679

CHRISTMAS PARTY

Well the Christmas party is just a few days away. Everyone should have their reservations in. If you haven't yet reserved, we have two extra spots available on a first come first served basis. Interested call 891-6679 immediately!

The total cost for the evening will be \$8.00 per person plus any bar or room costs.

Hope to see everyone there. The address is 750 Stelzer Rd at 5th Avenue, phone 614/237-6360. The poolside bar opens at 7:00 with dinner starting at 8:00.

Next Meeting January 14. 1987

Place: Donato's Pizza
1815 Brice Road
N.W. Corner of Brice & Livingston
Reynoldsburg, OH

Time: 7:00 p.m.

Topics: Dues
Rally in Jan.
Spring Show
Nationals Update
Introduction of new officers

SECRETARY'S NOTES

It was a cold and rainy late autumn night when 19 members of the GTOACO gathered at the East-side Donato's Pizza parlor for their 12th November meeting. Club members began to warm up over pizza, beer, and goat talk, when around 7:20 p.m. Nick Anspach called the meeting to order.

As Nick asked for an approval of the October minutes, Jeff Inskeep spoke up with a smirk and offered a correction: "I object to the statement from last month's minutes about the color 'red' being the 'proper' color for the new jackets." Jeff wanted that stricken from the minutes, but Nick was quick to retort, "Jeff's just jealous because these jackets don't come in primer!" After that issue was laid to rest, Rob Wilson delivered the Treasurer's report and then Nick launched into the Old Business:

Christmas Party. Lynn Inskeep reported that the party would be held on 13 December at the airport Holiday Inn. She arranged for a poolside bar to commence at 7:00 p.m. with a buffet dinner to follow. The club will be paying for half of everyone's cost of the buffet. Lynn urged members to return to her as soon as possible the reservation card/ballots that were mailed out in last month's Paw Prints. The club has also rented a room with a wet bar to serve as a hospitality suite where we can adjourn after the buffet. Jeff Inskeep will be in charge of planning the entertainment for the evening -- featuring, among other things, a repeat performance of his famous tomato-throwing contest.

New Jackets. Once again, Rob Wilson announced that new club jackets were available if anyone wished to order them at a cost of approximately \$40 (depending upon the quantity of orders). Bill Barton requested that the club pick up \$10 of the cost for each member who wanted one of these new jackets, but Nick pointed out that the club had already contributed by paying for the set-up costs involved in executing the computer-generated logo.

Spring Show & Swap Meet. Rob reported that he would be meeting with Dave Gill the very next Monday to discuss the possibility of Dave Gill Pontiac hosting our spring show. The club defined several requirements that need to be met by any potential sponsor of our show:

- space for 75 to 100 cars, 30 vendors, and a tabulation area
- access to phones, restrooms
- willingness to sponsor trophies and advertising

We will be offering the same classes for this show that were offered at our 1984 spring Haydocy show, except that there will no longer be separate convertible classes. Nick stated that we needed to pick a show chairperson and date that evening. Rob volunteered to serve as the show chair, and Ron Landis was asked to take charge of the Swap Meet because of his vendor expertise demonstrated at the Nationals this summer where he proved his pecuniary prowess by peddling pick-up loads of prime parts that he had procured from his peers and his property. May 3rd was offered by the GTOACO hierarchy as the date for the spring show, with May 10th as the back-up rain date.

Annual Parts Issue of the Paw Prints. Our esteemed Editor will be devoting the entire December issue of the Paw Prints to a feature of parts lists from GTOACO members. This is your chance to be a big-time parts wheeler/dealer like Ron Landis! Jeff requested that potential parts merchants turn in typed lists of their enticing wares to him as soon as possible -- prior to 30 November.

Elections. Nick and Jeff urged everyone to be sure to fill out their ballots received in the November Paw Prints and vote for their favorite candidates in the upcoming election of officers. This prompted Bill Barton to interject that he would have liked to have seen more people nominated for the officer positions. Several people then hastened to remind Bill that while his concern may be well-meaning, it was ill-timed, as nominations had been requested at last month's meeting, which he did not attend.

Membership and Dues. Jeff Inskeep announced that the 1987 club dues would be the same as this year's -- \$15. Members are requested to pay their dues prior to 31 January if they wish to continue to receive the Paw Prints. Jeff mentioned that he was working on a member-profile questionnaire that would be circulated soon to disclose more information about our various members, such as

their occupations. This information might be useful in professional networking and business synergy -- connecting members in a symbiotic, mutually beneficial relationship. For example, connecting a member who is an interior decorator with one who builds houses, a member who is a printer with one who writes manuals and workbooks, a member who is a principal with one who needs disciplined, etc.

GTOAA Nationals. Yes, it is really true! Neal Blankenship announced that the 1987 GTOAA National Meet will be held here again in Columbus over the 4th of July holiday weekend. Various GTOACO members have already volunteered to head the many committees Neal has set up to run the Meet. These members are looking for other volunteers to help execute the various tasks that must be completed to make this show a success. Neal will be serving as show chairman again this year with the following members chairing these committees:

Concours Show Chairman
Neal Blankenship

Concours Show Co-Chairmen
Andy Syrkin
Jack Brandl (of the Gateway GTO chapter)

Drag-Day Chairman
Nick Anspach

Registration/Tabulation Chairwoman
Leslie Blankenship

Parking Lot Chairman
Jeff Frazier

Food/Beverage/Entertainment Chairwoman
Lynn Inskeep

Rally Class Chairman
Jeff Inskeep

Vendor Chairman
Jeff Ruffer

Anyone wishing to volunteer their talents and time for a particular committee should contact the appropriate committee chairperson. We especially need volunteers to help at the Registration Desk.

New Business

No December Meeting. There will be no separate December GTOACO meeting on 10 December. Instead, we will hold a brief meeting during the Christmas party, at which time we will also be inducting the new officers.

Cruises for Next Year. Nick suggested that we put together a list of our top 12 favorite shows/cruises of this year, and these would be the ones we would attend as a club next year. Nick quipped "we could schedule a "cruise of the month," advertise, and plan to attend them as a group, based on our discussion of last meeting."

More Professional Journalism. Objecting to a certain turn of phrase used in last month's minutes to describe 1968 and newer GTO's (a phrase coined and popularized by the late, great Andy Syrkin), Bill Barton took this opportunity to state that perhaps we should consider improving the journalistic style of the Paw Prints by making it "more professional" in the future. Bill and another GTOACO member objected to the verbal jibes and jabs poked at members and the little personal anecdotes that occasionally appear in the minutes and other articles of the Paw Prints.

While this comment was not offered in the form of a motion but merely as a point of discussion, no action was taken for this month's minutes. However, the secretary has interpreted these remarks to mean that some members would like to see a change in her writing style. If members desire a strictly factual presentation of the business of GTOACO meetings without embellishment, I will comply. As an elected official, I serve at the pleasure of the electorate (to paraphrase Secretary of State George Schultz) and will abide by their decision. I believe I speak for our esteemed Editor when I say that we do not intend to be abusive nor insulting to members with our little barbs and kidding -- it's just our personalities and our way of having fun with this job. We are sorry if offense was taken; none was intended. Additional comments from others are invited.

With no further business to discuss, the club moved to adjourn and after more goat-parts talk, disbanded into the windy, raw November night.

The following GTO parts are NOS except where otherwise noted

66-67	Radiator nose (no ps.	\$10.00
66	Quarter extension molding (lh)	10.00
64	Parking brake light package	25.00
68-69	Cornering lamp lense (rh)	10.00
66	Arm rest ash tray (lh)	10.00
66-67	Oil pressure guage	30.00

ELECTION RESULTS

I am pleased to announce the new officers for 1987.

President-Nick Anspach

Vice Pres.-Donna Landis

Secretary-Bruce Springsteen oops I mean Leslie Blankenship

Treasurer-Richard Whaley

Directors-Jeff Inskeep, Neal Blankenship, Jeff Ruffer

It has been a great year and I would like to thank the outgoing officers for making this year one to remember.
