OCTOBER 1988

Turn it on, wind it up, blow it out...

GTO

GTO Quiz

How well do you GTO students know your GTO options? If you get all five questions right you are a GTO genius: three or four right is about average: only one or two right and you belong in the Nancy Whaley School for the Advancement of Undercoating Removal.

1. What year (s) was the fibre optic Monitoring System for the rear lamps available?
2. What year (s) could you order a camping tent for the GTO?
3. What year (s) were wire-spinner hubcaps available?
4. Cruise control was offered with an automatic or manual 4 speed (close ratio only) in what year?
5. What year (s) were windshield washers offered as an accessory?

Answers to this puzzle are in the back of this issue.
If you have some trivia of your own, send it in.

GTO Association of Central Ohio 1988 Officers

President	Donna Landis 795 Gwynne Road London, OH 43140 614/852-1742
Vice President	Jim Evans 13791 Cable Road Pataaskala, OH 43062 614/927-5302
Secretary	Nancy Whaley 305 S. Market Street Lithopolis, OH 43136 614/837-4372
Treasurer	Richard Whaley 305 S. Market Street Lithopolis, OH 43136 614/837-4372
Directors	Nick Anspach - 614/246-5145 Jeff Inskeep - 614/891-6679 Jeff Ruffer - 614/855-2791

Hot GTO Engines

Now that the cool weather is here this may not seem like a good time to be talking about engine overheating problems. But winter is a good time to work on the old GTO and get it ready for the next summer. To solve some of your overheating problems let's go through a step by step check list that will help solve 99% of GTO overheating problems.

1. Check the coolant level and repair any leaks. Use a good ethelene glycol based antifreeze and distilled water in a 50/50 mixture.
2. Check the engine timing and adjust if necessary.
3. Check for collapsing radiator hoses. Do this with the engine warm and running at 2500 rpm.
4. Check the fan clutch for proper operation. This must be done while the engine is warm. Check to see that the fan is not damaged and is assembled on the clutch properly. (right Bruce?) Check the fan belt for slippage.
5. Check to see that the car has a coolant thermostat and that it is operating properly. You should use a thermostat because it act as a restrictor to allow the coolant to spend enough time in the radiator to cool.
6. Check the radiator to see if it is plugged. If it is plugged then have it disassembled and "rodded" or replace the old core with a new one. Do not have it "boiled."
7. Check for a mismatched water pump. This will happen on newly rebuilt engines or one that has just had it's water pump replaced. (right Andy?)

64-65 water pumps have an impellor with short and relatively straight vanes that do not run to the center of the impellor. The later pumps (66-68) have impellors with longer vanes that run to the center of the impellor allowing them to move more water.

64-65 radiators have the inlet and outlet on the same side. This ineffecient design requires the pump to move the coolant slowly through the radiator thus allowing it enough time to cool. The later radiators are more efficient thus allowing the water to be circulated through the system faster which is what the longer vaned impellors do.

If you install an early pump on a later car then it will not circulate the coolant fast enough to cool the block but temperatures at the radiator may be acceptable. If a later pump is installed on an early car you may be able to get by if the rest of the cooling system is in good shape. If there are other problems then the late pump may circulate the coolant to fast for the radiator to cool it before it goes back to the block.

As I said, this checklist will solve 99% of the overheating problems commonly associated with GTO's. That other 1% can be a real headache to diagonsis and repair. Items like clogged coolant passages in the block or heads can be a source of overheating problems. This problem may arise in cars that have set for some time, especially if only straight water was used as a coolant. Also come of the heavy duty "stop leak" products can clog the cooling system if they are used improperly.

So there you have it, a quick and easy checklist to get your hot ride on the cool side.

October GTOACO Meeting

Meeting was held October 12, 1988 at Dennis Pontiac. Turn out was good seventeen people plus children attended.

Old Business: Reminder of Christmas Party at Jim & Diane Evans home at 6:00. Please call Jim and Diane if you are attending.

New Business: Spring Show June 18, 1989. Richard Whaley will work with Dennis Pontiac on trophies and show arrangements. There was much discussion on how the vote was taken last month to arrive at a all Pontiac show. There was also discussion on how to judge all Pontiacs. Decided that we need a contact person to contact POCI to see if we can advertise in their newsletter. We will also be advertising in Hemmings, Pontiac Magazines etc. Discussion continued on how to judge all Pontiacs, were to get the help and should we go back to all GTO show. Are we spreading ourselves to thin. Other thoughts were that we need to grow but can we handle it. Neil Blankenship volunteered to be contact person with local POCI chapters. Bill Barton brought up that maybe we need to have a calling committee to get people to come to Spring Show. Suggestions that we go back to all GTO show but invite Pontiacs to participate but not be judged. All our shows have always let anyone bring their cars but if not GTO we could not judge them. Discussion will be taken further next month. We need to make a decision immediately on the status of our Spring Show. Please everyone who has interest be at next meeting or send letter to Richard Whaley Box 215 Lithopolis, Oh 43136 with your feelings on this important matter if you cannot attend the meeting.

Nominations of officers for next year were opened at the meeting. New members asked to job description of each office. Jeff Inskeep nominated Richard Whaley for Treasurer, Jim Evans seconded. Richard accepted nomination. We still need an open nomination for Treasurer. Nomination for Secretary Jim Evans nominated Nancy Whaley, Neil Blankenship seconded, Nancy accepted nomination. Richard Whaley nominated Debbie Scott for Secretary, seconded by Jim Evans, Debbie accepted nomination. Vice President nomination Debbie Scott nominated Diane Evans, seconded by Donna Landis. Jeff Frazier nominated Kurt Pearce, seconded by Bill Barton, Kurt accepted nomination. President Jeff Frazier nominated Jeff Inskeep seconded by Donna Landis, Jeff accepted nomination. Board of Directors nominations, Neil Blankenship, Jim Evans, Jeff Frazier these people accepted the nomination. Also nominated were Andy Syrkin, Nick Anspach, Jeff Ruffer. These people were nominated pending approval by them. Bill Barton will contact Andy, Nick, Jeff and Diane to see if they accept nomination.

Nominations will be closed at next months meeting November 9. If you have anyone that you wish to nominate for any office please give Bill Barton a phone call 614 876-0832 with your nomination. Election cards will be mailed out with Paw Prints and they need to be returned to Bill Barton no later than December 15, 1988.

Parts list will be coming out in January. Check your garages, basements and do your Spring House Cleaning now. You can either call Jeff Inskeep 614 891-6679 or Nancy Whaley 837-4372 with your lists. If you prefer mail list to Nancy Whaley Box 215, Lithopolis Oh 43136 and I will type them so Jeff can put in Paw Prints.

New Business Continued: We are in dire need of editor for Paw Prints. Jeff has stated that he does not have the time to try and write a newsletter by himself. He will continue to print it for us. Mr. Doug Smith volunteered to help but he will need help to. If you have a car to sell, parts, an interesting story, technical information anything please either send it to Jeff Inskeep 598 Old Coach Rd. Westerville Oh 43081 or to Nancy Whaley Box 215 Lithopolis Oh 43136 we will see that it gets typed and in the newsletter. We need help from all members to write a monthly newsletter. Send us your stories on how you restored your car or how you are still dreaming of restoring your car.

Remember we do have coats, club shirts available for each and every member call Richard Whaley 614 837-4372 after 6:00 pm to order these items.

Nominations for officers are still open remember to call Bill Barton with your nomination. See you all at next months meeting

Support your club, show our colors and name everywhere you go.
Get your jackets and shirts.

Heavy coat with snaps available in red, black, and white.

Cost \$59.00

Light coat with zipper available in black and white.

Cost \$57.00

Each are available with your name embroidered on coat for extra \$4.00.

Shirts are white with club logo embroidered on front. Available with pocket or without pocket.

Cost \$20.00

Look Dad when we grow into this coat and shirt can we drive
the GTO?

It was really great of him to let us use them.

October meeting will be nominations for next years officers. If you want to nominate anyone or yourself for any of the offices, please give Richard and Nancy Whaley a phone call immediately. 614 837-4372.

Thanks to everyone who showed up for the meeting we had 28 plus members some who were first timers. Also thanks to you for your input into the meeting we need good ideas. Want to especially thank Mrs. Kurt Pearce who volunteered to help with anything she could before the Spring Show. She could not be at the show on Sunday but was willing to help before. The Pearce's just joined our happy family. It is really great that they are willing to volunteer and join right in. I know that we can put her to work. Thanks.

Christmas Party Attendees: The following people stated that they would be at the Christmas Party. Parker's (2), Syrkin (2), Ruffer's (2), Inskeep's (2), Pearce's (2), Landis's (2), Evans (2), (I hope so), Whaley's (2), Smith's (2). Remember to please give Jim and Diane Evans a call to make reservations.

Hope to see as many people at next months meeting. It was great.

For all our new members we have club shirts and coats for sale. Call Richard Whaley for information 837-4372.
