**To all my GTO friends,**

**It is that time of the year again to think about who will run your club next year. The October meeting will be the time to set it in motion. We will take nominations for the 1998 officers of the GTOACO. If you are interested in running for an office, please come to the October meeting at Dennis Pontiac. If you can't make the meeting and want to run for office please me and let me know and I will make sure your name gets on the ballot.**

**I would like to thank Richard and Nancy Whaley for letting us have the club picnic at their house this year. We had good food , played a little volleyball and had a good time just being with each other. I would like to know why more club members don't come to this outing. It is a good time to get to know more club members. If you have any suggestions please call me. 614-927-5302**

**We need a place to have the holiday party this year (January 1998) if you can host this event cali me.**

**Next year we need a club member to organize cruise-in and shows in and around this area so we can do more things as a club next year. I would do this but I'm back working weekends again and will not be able to go to all the events. I will go to as many as I can.**

**This months meeting will be October 8<sup>th</sup> at Dennis Pontiac, please try to be there. We try to get started at 7:00. All meetings are important and we need as many members as possible at all of them. See you Wednesday.**

## **"SEARCH FOR THE TWELVES"**

By Steve Schaeffer

**The Drag Racing Odyssey Continues!** The original intent was to build a low compression, mild mannered cam 455 engine, installed in a '66 G.T.O. four speed car for the street and the strip. The goal was to run a 13 second E.T.'s with a 3.31 gear and street tires. **A SUPER CAR!!!!!!** At the **Nostalgia Nationals**, (National Trail Raceway in Columbus Ohio) I ran 13.55 and 13.56 with a lot of tire spin. Since that event I have installed a set of Southside Machine Co lift bars to really plant the tires in the pavement.

**TIME LINE: Sunday September 21, 1997;** I ran in the regular Sears/Jegs E/T Point Series, again at National Trail Raceway. The slowest time was a win at 13.30 and 103.21 M.P.H.....the fastest was a **BREAKOUT OF 13.211 AT 104.17 M.P.H. on a 13.22 Dial in!!!!!!**

The traction bars and the cooler weather were good for an improvement of 3.4 tenths. In drag racing that is a **HUGE** improvement !!!!!

The next step will probably be to rejet the Q-Jet carb and change metering rods. I may consider an Elderbrook Performer R.P.M. intake, I want that **TWELVE SECOND RUN!!!!!!**

This still is **A REAL STREET CAR.** I closed the headers, drove to Columbus Ohio for dinner, then home to Lancaster Ohio, putting over 100 miles on the car this last Sunday!!!! **A REAL SUPER WEEKEND!!!!!!**
