## Letter from the Editor

2015 car season is here!

Have you gotten your GTO out yet? I'm getting mine from it's winter home Sunday and I can't wait!

First, don't forget about our club's spring cruise/trip. We are headed to Raven's Glenn Winery and Restaurant in Coshocton. We will meet at the CVS in Sunbury (corner of RT 3 and 36/37 just before downtown Sunbury). RSVP to Ron Cozzo (rcozzo@earthlink.net) if you are joining us. See inside for more details.

Next don't forget to check our website in the Local Forum for my weekly updates on the cruises

and shows going on the coming weekend.

Next I owe you an apology. You haven't been getting the quality you deserve with your Paw Prints. I've been looking back and noticing mistakes in past Paw Prints that should not be there. There's no excuse for it. I just wasn't taking the time to make sure the editing was of the quality it should be. You have my commitment to make sure that quality is built in moving forward.

Finally, please check out this edition for some tips on how to get your GTO ready for drive time. There's some good tips in

there from Steve! Steve then provides us with an editorial on the possible end of the 2nd coming of the Muscle Car Age. Horsepower and retro styling have been giving us great machines to pine after or even own with modern technology. Is it near an end?

I hope to see many of you at the spring cruise/trip or at the next club meeting. Regardless, I know this club will be out this season in force as it has the past few years and I will see you then! Till then, stay safe and have FUN!

—Kevin

# 2015 GTOACO Spring Swap Meet!

Our club's 2015 Spring Swap Meet was held on March 22, 2015. Ron and Austin Cozzo, Lonnie McLaughlin, Jeff Frazier, Stan Farlow, Kevin Landis, Kevin and Cerina Russo and Mike Shockley all met at Tee Jays at 5:30am for breakfast and then headed over to Haydocy to help set up. While it seemed like we were down in vendors, there was plenty of things to be bought and people to buy them with great foot traffic. If you needed a part and didn't make it there, you may have missed a great opportunity! Thanks to all the club members who helped out!

## Spring Ritual by Steve Schaeffer

I am sure everyone has their own spring ritual to wake up their collector car or cars after a long winters nap. With 6 collector cars I thought I would pass along my ritual.

1. Check all the fluid levels and tires including the spare tire and then drive the car 10 miles or so.
2. Give it a good bath.
3. Change the oil and filter and give it a good lube job. Don ' t forget the u-joints if they have grease fittings and the clutch linkage cross shaft if it is a stick.
4. Re-detail the undercarriage and paint as necessary.
5. Re-detail the engine and engine compartment and paint as necessary. My painted headers always need some sanding and repaint. In tight areas I use an artist ' s paint brush to avoid getting any overspray on anything.
6. I put a good coat of wax on my cars before I put them away for the winter. In the spring I go over them good with detailer. However if you didn ' t wax your car before you put it away for the winter you know what to do.
7. Detail the interior, vacuum, and clean the glass inside and out.
8. On my convertible I also detail the top after I wash the car and before I wax it. I use Blue Magic Convertible Top Cleaner. It cleans, brightens, and protects the top. I also use the same product on the vinyl top on my ' 66 GTO.
9. My '65 Cutlass convertible has a plastic back window. I clean it with Meguiars Mirror Glaze 10, Clear Plastic Polish. The top is at least 10 years old and the plastic back glass still looks like new.

I found that being retired helps with the time element. I also usually start my spring ritual before all the spring honey do chores start with the house and yard. I normally can get a car done in one or two days depending on what else is on my plate.

This procedure certainly gets the cars ready to drive and for the summer car show season. And while it may seem like a lot of work, it is far less preparation than what my brother and I used to do on our race car.

# Is The End In Sight For The 2nd Golden Age of Muscle Cars?

by Steve Schaeffer

I always considered the golden age of muscle cars as the time period from 1964 to 1972. It started with the '64 GTO and ended with the '72 Hurst Olds. During those years we were introduced to Ram-Air, W-30, Hemi, Cobra Jet, Mouse Motors, Rat Motors, 4 on the floor, Hurst Shifters, Cheater Slicks, and the Christmas Tree at the Drag Strip.

It was a wonderful age of drive-in movies, screaming tires, slamming gears, stop light drags, and red lights in the rear view mirror. We all thought the good times would never end but between the insurance companies and the government they did.

Then there were the dark ages when the Big Three considered Muscle Cars and high horsepower engines as poison. Who ever thought we would see late 70 's Corvettes with less than 200 horsepower?

We were all thrilled when Ford brought out the 5.0 Fox bodied Mustang. Horsepower was no longer a dirty word. The 2nd golden age of muscle cars was upon us. The horsepower wars started again. We suddenly had LS powered Corvettes, Camaros, GTO 's and Firebirds. Generation III Hemi 's with the Hellcat making 707 Horsepower! The new performance age is here. However if you want one of these new muscle cars you better purchase it now.

I just received the 2014 Ford Stock Holders Report and it contained the following warning. "If the agencies seek to impose and enforce fuel economy and GHG standards ( Green House Gas Emissions ) that are misaligned with market conditions, we likely would be forced to take various actions that could have substantial adverse effects on our sales volume and profits. Such actions likely would include restricting offerings of selected engines and popular options; increasing market support programs for our most fuel-efficient cars and light trucks; and ultimately curtailing the production and sale of certain vehicles such as high-performance cars, utilities, and/or full-size light trucks, in order to maintain compliance. "

The reason a hard core GM man like me, for over 50 years, owns Ford Stock is 3 strikes and you are out. Strike one, Kill Oldsmobile. Strike two, Kill Pontiac. Strike Three leave me with worthless shares of the old GM. The GM stockholders got the shaft as well as all the loyal Oldsmobile and Pontiac enthusiasts.

## INDIAN UPRISING CAR SHOW and SWAP August 9, 2015

The GTO Association of Central Ohio invites you to attend the 2015 Indian Uprising Summer Car Show and Swap. The event is centered on a Judged Car Show where winners get awards for 1st, 2nd and 3rd place. Classes are available for GTO's, Firebirds and other Pontiac vehicles. The "Best of Cars" for 2014 will be invited back to be in the 2015 Winners Circle.

Our GTOACO club cars participate in their own set of popular vote classes (no trophies/recognition only). We do this to insure that the Judged Car Show is fair and un-biased.

This is a fun event for participants and spectators. Visit the swap meet, grab something to eat and see your favorite Pontiacs on display. Great food available from Land Yacht BBQ. And don't forget the Hollywood Casino is located right next door.
